The Art of Vending

TABLE OF
CONTENTS

COMPANY PROFILE

SANDENVENDO IN EUROPE HAS BEEN ADVANCING THE VENDING INDUSTRY FOR MANY DECADES AND IS A POWERFUL PARTNER FOR EXCELLENCE IN QUALITY, RELIABILITY AND SERVICE.

WE ARE A "ONE-STOP-SHOP SUPPLIER", OFFERING A WIDE VARIETY OF VENDING EQUIPMENT FOR HOT AND COLD BEVERAGES, SNACKS AND ICE CREAM.

BUT ALSO RELATED PRODUCTS SUCH AS SOPHISTICATED PAYMENT SYSTEMS AND PREMIUM COOLERS.

ORIGINALLY BASED IN DALLAS, TEXAS, USA, SANDENVENDO CONTINUES TO DELIVER THE HIGHEST STANDARD PRODUCT DIVERSITY SINCE THE BEGINNING OF IT'S OPERATIONS OVER 80 YEARS AGO.

AS PART OF THE JAPANESE SANDEN CORPORATION SINCE 1988, SANDENVENDO IS YOUR GLOBAL PARTNER IN VENDING AND COOLING TECHNOLOGY, BACKED BY NUMEROUS PRODUCTION AND SERVICE FACILITIES AROUND THE WORLD.

GLOBAL MARKET SHARE OF SANDEN GROUP

25% AUTOMOTIVE

30% VENDING
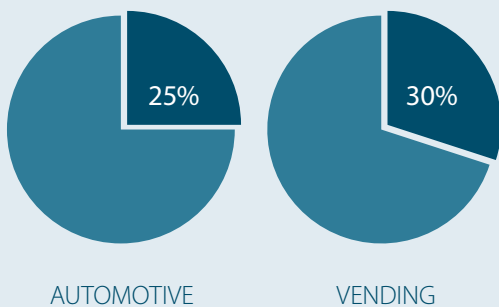

SANDEN, global specialist in heating and cooling technologies, are recognized as one of the leading companies in thermodynamics both in the automotive industry and mobile appliances such as food refrigeration.
Sanden, with its 54 locations in 23 countries, develops and produces vending machines, refrigerated showcases and compressors for mobile air conditioning systems.

SPEEDY LIFT
Delicate and/or fragile products can be sold at eye-height position!
Speedy delivery of the products is guaranteed!

1. CABINET
A fully insulated cabinet, foamed with Eco compatible components

2. DOUBLE TEMPERED GLASS

3. DOOR
An elegant flat door, easy to personalize. Full-open for bankable Master-Slave solution

4. GLASS FRONTED DESIGN
Large glass showcase display to maximize impulse sales.

5. LED ILLUMINATION
LED as standard. Cold tone with an ideal brightness to boost the product display

6. ANTI-THEFT DEVICE
Prevents access to the internal cabinet

7. COOLING UNIT
Low energy consumption and high performance.
The cooling unit is removable

8. PANEL DRAWER
WIDE ACCESS TO ALL COMPONENTS
Electronic components and payment systems are neatly gathered in the sliding drawer

9. DISPLAY
Easy to read, well illuminated character

10. ANTI-VANDALISM KEY PAD AND SAFETY COIN INSERT
An anti-vandalism solution with Solid metal key pad and a metal Safety slide coin insert (option)

11. TEMPERATURE CONTROLLER
Control and display the temperature (inside drawer) with an easy operation

12. SAFETY COIN RETURN
Drum type Coin return, anti-vandalism solution

G-Snack Budget Master 8

G-Snack Budget
Quality beyond Budget

NOT SO BUDGET AFTER ALL!

SandenVendo presents the incredible **NEW BUDGET** Snack machine.

High quality, great features and easy to use. All at a low price.
A pre cooling area allows products to be stored at ready-to-sell temperatures.
A large LCD display, LED illumination and Energy saving program settings are all fitted as standard.

ECO project

ENVIRONMENTALLY FRIENDLY PRODUCT DEVELOPMENT

www.sandenvendo.it

We contribute to the future of a safer and more beautiful Earth.

Based on the Environmental Chapter of Sanden Corporation, we fully understand that preserving the Earth's environment is the most important shared responsibility of mankind.

In order to pass on a safe and clean Earth to the next generation, we, all staff members, will take the appropriate steps in all areas of business activities to preserve the environment with our company slogan:

"We contribute to the future of a safer and more beautiful Earth."

ECO Philosophy

Heaven, **Earth** and **Man**, are the three fundamental elements that create the Universe and therefore, we should keep the harmony among those elements which reflect on our everyday life. This is the foundation of the SandenVendo ECO Philosophy.

天 Heaven　地 Earth　人 Man

We will keep and conserve them also in the future by protecting them as much as possible.

ECO Project

It is our mission to study environmentally friendly product developments.

We strongly believe that the improvement of our vending machines should contribute to the reduction of their environmental impact. Our activities are lead by our mother company Sanden Corporation in Japan, one of the leaders in the research & development of the environmentally friendly products in this field.

EVA EMP ENERGY CLASS A+
Already achieved on new models G-Drink and G-Snack and will extend to all models

LED ILLUMINATED PRODUCTS AS STANDARD
All glass front machines are fitted with LED illumination since 2009. Application on other models in progress

ENERGY EFFICIENT COOLING UNIT
New models are fitted with less energy consuming Cooling units

CO_2 COOLING UNIT
An alternative cooling unit with CO2 that has less impact on the environment. We have been supplying our machines with CO2 Cooling units for Olympic games since 2004

COOLING UNIT WITH CFC FREE REFRIGERANT
Our standard machines are supplied with R134a & R404A - CFC Free

CABINETS
ARE INSULATED WITH ECOLOGICAL POLYURETHANE

ENERGY SAVING PROGRAM
Light control mode with real time clock etc

ECO FACTORY PROJECT
- Replacement to low energy consuming light achieved energy saving of 30%
- S-TQM* (Sanden Total Quality Management) activity to reduce metal and energy waste
- Waste water from Painting is purified which allows recycling
- Different collection of garbage with waste

please visit our web-site: www.sandenvendo.com

ECO Initiative

ECO VENDO PROJECT it is our NEW initiative to communicate our ECO achievements of producing the energy efficient products to the consumers through our vending machines.

It is our eternal commitment to provide high quality and ECO compatible products to our clients and to the end users.

Note:

EVA EMP (Energy Measurement Protocol)
Has an original table of classification: The higher A++ and the lower G class, similar to the European directive of White goods.

The test is carried out in our Lab, according to this protocol and regulations, depending on the product classification. The data is available upon the client's request.

Member of CISQ Federation

RINA
ISO 9001:2000
Certified Quality System

Why CO_2?
Be ECO with us!
COOLING UNIT WITH ECO GAS

Go GREEN with SandenVendo new environmentally-friendly CO2 Cooling Unit.

Eco gas Carbon dioxide (R744) refrigerant is more efficient than the industry standard R-134a refrigerant.

NON-TOXIC

NON-FLAMMABLE

NON-OZONE DEPLETING

Sanden group has been the supplier of CO2 cooling units for all Olympic games since 2004.

Advanced technology and our severe test procedure guarantees quality and performance of CO2 refrigerant system.

- **CO2 is a Natural gas that "EXISTS IN THE EARTH & NEEDS TO BE REDUCED"**
- **CO2 purifies through the natural botanical cycle known as photosynthesis**
- **High efficiency System in terms of lifetime cost, Running / Disposal / Repair**
- **REDUCES RISK OF GLOBAL WARMING (GWP = 1)**
- **LED ILLUMINATION**
